

## Laptop

1. Click on the wifi () icon towards the right of your taskbar.
2. Locate the wifi network named "WREN\_Cadets"
3. Check the box next to "Connect automatically"
4. Click "Connect"
5. If you get a message asking "Continue connecting?", click on "Connect"
6. Enter your westpoint.edu email address in the username box (ex. john.doe@westpoint.edu)
7. Enter your Office365 password in the password box.
8. You are now connected to the WREN!

## iPad/iPhone

1. Go to your Wi-Fi settings
2. Find and select "WREN\_Cadets"
3. Enter your westpoint.edu email address in the username box (ex. john.doe@westpoint.edu)
4. Enter your Office365 password in the password box.
5. Press "Connect"

## Android

1. Go to your Wi-Fi settings
2. Find and select "WREN\_Cadets"
3. Change the "EAP method" to "TTLS"
4. "Phase 2 authentication" should be set to "None"
5. CA Certificated should be set to "Do not validate"
6. Enter your westpoint.edu email address in the "Identity" box (ex. john.doe@westpoint.edu)
7. The "Anonymous identity" field should be left blank.
8. Enter your Office365 password in the password box.
9. Press "Connect"
