5. Enter a name for the device and the MAC address, as well as a description to help you remember what kind of device it is:

The screenshot shows the 'My Devices Portal' interface. At the top, there is a blue header with the Cisco logo and the text 'My Devices Portal'. Below the header is a white box titled 'Add Device'. Inside this box, there is a paragraph of instructions: 'To add a new device, enter the device ID, which displays on your device as the MAC or Wi-Fi address. It consists of 6 alphanumeric number pairs separated by colons such as AA:BB:CC:11:22:33.' Below the instructions are three input fields: 'Device name: \*' (a large text box), 'Device ID: \*' (a text box), and 'Description:' (a larger text box). At the bottom of the form are two buttons: a blue 'Submit' button and a grey 'Cancel' button.

6. Click Submit. (The status shown for successfully added devices is “pending”. A “registration failed” message will display if the device failed to add)
7. Then using the newly registered device, connect to the WREN\_Guest network using the password DutyHonorCountry
8. Devices that have previously been connected to the WREN\_Cadet or WREN\_SF cannot currently be added to the WREN\_Guest network.
9. You can register up to 5 devices with your user account. If you have questions about troubleshooting use link at the bottom of the page that says [Help](#).
